President's Message

By Kurt Likins

Memorial Day is quickly approaching, and as you all know there will be significantly more people in the Park than usual. Due to the increased number of small children and animals, I want to remind everyone to drive slowly, especially around the play areas and Picnic Grounds.

As summer approaches we traditionally do some type of Park clean up. If you would like to volunteer to clean up an area please do so.

This year we have six people running for three Board of Directors positions. Candidate's night will be held on May 26th at 6PM in the Social Hall – this is a time for you to come meet the individuals who are running for the Board and ask questions you might have. Finally, I would like to thank the Past Presidents Committee for hosting this event.

Fraternally,
Kurt Likins, President

CFO/TREASURER'S REPORT

Another TADS cycle has come and gone, and I'm happy to report that only 6 Members have failed to pay — that's just over 1.5% of our membership, which is a huge improvement from recent years! Please note, if you've received a suspension letter for non-payment of TADS, or for failure to submit your dues card, you will not be able to vote in the upcoming elections.

We've had a few urgent administrative items that Nancy has had to handle recently, so unfortunately I don't have an A/R number for you this month. I will, however, be sure to have that information for the Membership at the May open session.

A HUGE **“thank you”** to the members of the 2018 Budget Committee— you had a very difficult task (and a short timeline), but you worked hard and really came through! After several revisions and expense cuts, the Committee and the Board were unable to create a “zero” budget for the 2018/2019 fiscal year (Please see the following pages). Increasing operating costs, no assessment increases in 20+ years, and not knowing how much surplus we'll end 2018 with made it impossible to calculate exactly how much money we will have available in the upcoming year. Once the 2017/2018 books have closed, I'll report to the Membership where we stand financially and how that will affect the budget.

MANAGERS REPORT

Green waste sites are open until June 1st. The sites are open for Members to do clean up of their allotments, they are NOT intended for large branches, uprooted plants, or tree stumps. If you have green waste cans, please use them first. Only use the designated, marked, waste sites. If there isn't an orange bucket with a sign, don't dump there.

With the weather getting warmer, and Summer quickly approaching, there are more people coming and going from the Park so please be vigilant of trespassers. If something/someone doesn't seem right, please call the Sheriff's Office at 831-471-1121 then call me at 831-345-0879—if I don't answer right away, leave a message and I'll assess the situation.

I'll update you on the Memorial Day weekend clean up as plans are made.

Thank you to Joey, Andrew, Nancy and Annie for all your hard work everyday!

Steve

Manager's Report: Steve Polizzi

Manager Steve Polizzi reporting that the Washington Pathway repair is becoming more and more expensive. Being told by multiple agencies that there will be costly reports needed by engineers, hydrologist, and more, not including the cost of city permits. Possibility of amount needed to be more than 47 thousand before any work is actually done. Again, this amount does not include the actual work/repair, so amount could be near 75 thousand before even starting. Steve to keep all informed. Also reporting that tree cutting will be done this week starting on the 24th. Keystone will be closed at some point due to tree cutting on Keystone way. Members will need to use the back gate for entrance and exits. Steve reporting that the new office Staking Log is working very well! As a result, the Board will have 5 new stakings to approve today.

President's Report-Kurt Likins

President Kurt Likins reporting on water usage in the Park. The PPMC water bill is approximately 13K a month. The city of Santa Cruz is beginning water restrictions beginning May 1, 2018 and Kurt wants PPMC to do this as well. Stage 1 restrictions include not watering yards between the hours of 10:00 am and 5:00 pm as well as no car washing with water able to run down the street. Kurt asking all Members to be aware of water usage and turn off automatic sprinkler systems. All Members need to do their part to conserve. This helps with our Park operating costs.

Treasurer's Report– Verdie Polizzi–

Treasurer Verdie Polizzi reporting that the Accounts Receivables (AR's) will be in this month's bulletin, please watch for. Next month the Profits and Loss report for the year will be done as well. Verdie has already scheduled the audit for this year to start the first week in June. The audit for last year (2017) has still not been received from the accountants due to information that was not received on time. Question from the Membership on the AR numbers. Verdie insuring that the Board will remedy with the Bookkeeper. Changes to take place in the office regarding payroll. The Board deciding to remove payroll from the Bookkeepers responsibilities and use instead a Payroll Service known as Paychex. This is to reduce the Bookkeeper's work load. Paychex fee will run \$100.00 per month but will take care of all payroll taxes and workers comp. issues as well. Verdie also reporting that the Budget is \$31,800 upside down. Board has done a lot of cuts but still a need. There was then extensive Budget discussion amongst the Membership again reminding all the need to conserve water to lower costs. Costs continue to rise.

Unfinished Business

Tabled from last month discussion of Front Gate. Kurt reporting that there was a bid received for 30K but was not pursued. Kurt discussing the fact that the Park has a lot of upcoming expenses and the rising costs of operating. In over 25 years the assessments for the Park Members have not been raised, yet water costs, gas prices, propane prices, repairs, have all risen. Kurt also reporting that \$1000.00 of all Membership fees (\$10,000.00) goes to the Capital improvement funds. Kurt asking for input for the Board on Front Gate question. Frank Haswell- Not willing to pay for the 30K front gate at this time. Bruce Wildenrad- Not in favor of the front gate at this time. Bill Eckard not willing as we need to be fiscally responsible. Verdie Polizzi- In favor of the front gate for safety concerns. It is a deterrent. Funds would not be coming out of the operating budget but rather out of the Capital improvement funds. It would be an asset to improve our park, so repairs and maintenance would be paid for with Reserve funds. Verdie believes it won't completely stop people but will deter. Kurt ending discussion by stating that the Membership needs to decide. Extensive discussion within the members present voicing both in favor and opposition. Motion made by Frank Haswell to put font gate issue on the upcoming ballot for membership input and interest. Second by Bill Eckard. Passed 5-0

Board of Directors OPEN Session Minutes Continued

Marijuana Fine discussion, also tabled from last month. Board clarification of fines for both alcohol and marijuana. Alcohol off allotment must be approved by manager. Marijuana smoking not allowed in common areas ever due to second hand smoke. Bill Eckard motioning to be added to Fine Policy under Citizenship with 1st offense at \$25.00, 2nd Offense at \$50.00 and 3rd Offense at \$100.00. Frank Haswell motioned for a vote of the Fine Structure with Second made by Bruce Wildenradt. Passed 3-2.

Fence Discussion- Verdie Polizzi making a motion to accept the 2016/2017 Bylaw Committee's recommendations on fences. Verdie read the wording from the recommended R&P change and stated it made options clear so future Boards could make unbiased decisions regarding fences. No Board Member provided a Second. Bill Eckard instead motioning to change Rules and Procedures section 6.01 to read that fences would only be allowed if required by the County. Second by Frank. Vote: 2-3 Did Not pass.

Lengthy discussion about the pros and cons of fences. Sometimes they do "make the best neighbors" Board needs to study and come up with a clear solution. Tabled once again for further research and discussion.

696 St. John submitted a building request for a 4' high fence. This request was read by Verdie as it was reported that it was indeed her improvement and she was making the request. Board voted, and it passed 4-0 with Verdie abstaining.

228, 229 Acacia Requested lattice approvals. Verdie noted the lattice was initially removed at the request of the previous Board due to a legal matter with neighbor. Member, Bill Eckard, requesting to be put back up. They are non-permanent fences that can easily be taken down as they are in the Riparian corridor. Frank Haswell motioning to accept, 2nd by Bruce Wildenradt. Approved 4-0 with Bill abstaining. Board apologizes for not taking care of this earlier.

2018-2019 PPMC Budget

Board reporting that the Budget Committee was unable to create a zero budget due to rising operating costs and lack of income increases for many years. Board made a lot of cuts there is still a need. Verdie reporting there will be a surplus from this year, but she is not sure what it will be. Reporting that the current assessment is \$32.00 per 100 sq. ft. Verdie voicing the idea of an increase on this amount. Assessments have not been increased in over 25 years. All Assessments go to operating costs. The Park operating costs have risen a lot in 25+ years yet the assessments have not. Verdie and the Board would like to see a small increase to help operating costs. CFO Verdie bringing it up for discussion purposes only. If adopted this would require a Bylaw change.

Additional discussion by Kurt regarding second option for increasing funds by charging dues to both Associate Members and Alternate Associate Members in the amount of \$200.00 per year. Members asking for more clarifications before any sort of decision is actually made.

CFO Verdie making the motion to approve the 2018-2019 budget as written. Frank Haswell provided the 2nd, Passed 5-0.

Water restriction discussion. Stage 1 per city of Santa Cruz effective May 1st. Bill Eckard making the motion to adapt water restrictions per city guidelines. CURRENT

There are no existing PPMC BYLAWS concerning this topic.

PROPOSED CHANGE

ARTICLE XIII RESERVE FUND

RESERVE FUND DEFINITION

The Reserve Fund has monetary assets that are exclusively used to maintain a group of Corporation Assets as defined by an ongoing study called the Reserve Study. The Study will forecast funding goals from the Reserve Fund for the maintenance, repair and replacement of these assets and will be updated annually. Funding for the Reserve Fund shall be supported by the new Member Initiation Fee. Reserve funds shall be restricted and exclusively dedicated for asset items identified in the Reserve Study. Expenditures from this Fund will adhere to the Reserve Fund Policy.

RESERVE FUND POLICY

The purpose of the Reserve Fund is to pay for the maintenance, repair and replacement of PPMC asset facilities and physical property as identified in the Reserve Study. The Reserve Study will be updated annually by Ertech, Inc. or other qualified vendor as directed by the Board. The Reserve Fund shall be initially funded by allocating \$519,000.00 in accounts separated from the Operations accounts. These accounts will be identified specifically as Capital Asset Reserve Fund and will not be used for operating expenses.

PPMC shall divide their budgets into two categories – an operating budget and a capital budget. The Budget Committee will oversee the operating budget that covers the costs of running the Park, including salaries, equipment, services, interest payments, rent, utilities, loans, advertising, travel and training expenses. Funds for these items shall NOT come from Capital Asset Reserve Funds. The Capital budget is for the maintenance, repair and replacement of the assets identified in the Reserve Study. Expenditures from the Capital Asset Fund will be determined by a budget proposal to the Board from the Long Range Planning Committee and the Manager. Priorities will be established by reviewing the Reserve Study in conjunction with a review of current infrastructure necessities.

All amounts received as Membership fees from New Members will be deposited directly into the Capital Asset Reserve Fund.

RESERVE FUND SPENDING PROCEDURES

Once the Capital Budget is approved, it will be the Manager's responsibility to clearly differentiate and mark any item to be paid from the Capital Asset Reserve Account. The bookkeeper will assure that any invoice so stamped is paid from that Reserve Account only.

The Board Treasurer will review and report no less than quarterly to the Board and the Membership the progress made and monies spent. He/she in conjunction with the Manager will verify that the Capital Asset budget is being closely followed.

BOARD OF DIRECTORS BORROWING PROCEDURES

In the event of a cash flow emergency in which sufficient funds are not available from the operating bank accounts to meet current financial obligations, the Board may borrow from the Reserve Fund accounts by using the following procedures:

Notify the Membership at least 10 days in advance of the meeting where the shortage will be discussed and voted upon. The Board shall describe the need, the amount to be borrowed and the repayment plan which will not exceed six months. The Board's decision to borrow and the repayment plan will be clearly stated in the next monthly Bulletin.

PROPOSED CHANGE

PPMC BYLAWS ARTICLE XIII - CAPITAL ASSET RESERVE FUND (CARF) PLAN

RESERVE PLAN STUDY

The Reserve Plan Study is a comprehensive listing of PPMC asset facilities and physical property. The Plan shall include the proposed Maintenance and Replacement Schedule, and associated costs. It will be updated no less than annually as directed by the Board. The Long Range Planning Committee and Manager will assist in this process as requested by the PPMC Board of Directors. The updated documentation will be reviewed and adopted by the Board prior to the end of the calendar year to allow for the upcoming budget process.

CAPITAL ASSET RESERVE FUND DEFINITION

The Capital Asset Reserve Fund (hereafter known as "CARF") has monetary assets that are restricted and exclusively dedicated to maintain a group of Corporation assets as defined by an ongoing study called the Reserve Plan Study. The CARF shall be funded by all new Member Initiation Fees, and by other funds as determined by the Board. Expenditures from this Fund will adhere to the CARF Policy.

CAPITAL ASSET RESERVE FUND POLICY

The purpose of the CARF is to pay for the maintenance, repair and replacement of PPMC asset facilities and physical property as identified in the Reserve Plan Study. The Reserve Plan Study will be updated annually by a qualified vendor as directed by the Board. The CARF shall be established and funded by allocating \$532,640.80 from the existing Initiation Fee fund as of September 24, 2017 and will be held separate from any other funds. All accounts shall be in FDIC-insured institutions up to currently covered limits; any other investments must be approved by the Membership. The CARF will not be used for operating expenses or purchases of additional assets not listed in the Reserve Plan Study.

PPMC shall divide their budget into two categories – an Operating Budget and a CARF Budget. The Budget Committee oversees the Operating Budget that covers the costs of running the Park, including salaries, equipment, services, interest payments, rent, utilities, loans, advertising, travel and training expenses. Funds for all these items shall NOT come from the CARF. The CARF Budget is for the maintenance, repair and replacement of the assets identified in the Reserve Plan Study. Expenditures from the CARF will be determined by the Budget Proposal to the Board from the Long Range Planning Committee and the Manager. Priorities will be established by reviewing the Reserve Study in conjunction with a review of current infrastructure necessities.

The CARF will be self-sustaining. All amounts received as Membership fees from New Members will be deposited directly into the CARF, and the cost to administer the Reserve Plan Study will be paid for by the CARF.

CAPITAL ASSET RESERVE FUND SPENDING PROCEDURES

Once the CARF Budget is approved by the Board, it will be the Manager's responsibility to clearly differentiate and stamp any item to be paid from the CARF. The bookkeeper will assure that any invoice, so stamped, is paid from the CARF only.

The Board Treasurer will review and report no less than quarterly to the Board and the Membership the progress made and monies spent. He/she in conjunction with the Manager will verify that the CARF Budget is being followed. An annual summary of CARF activity and anticipated cash outlays for no less than two years shall be presented to the Board and Membership by the end of each calendar year.

BOARD OF DIRECTORS BORROWING PROCEDURES

In the event of a cash flow emergency in which sufficient funds are not available from the operating bank accounts to meet current financial obligations, the Board may borrow from the CARF by using the following procedures:

The Board shall notify the Membership at least 10 days in advance of the meeting where the shortage will be discussed and voted upon. The Board shall describe the need, the amount to be borrowed and the repayment plan which is not to exceed six months. The Board decision to borrow and the repayment plan will be clearly stated in the next monthly Bulletin and in the Annual Audit of Funds.

CANDIDATE FOR PPMC BOARD OF DIRECTORS

Bruce Wildenradt

Address: 652 St. Augustine Mailing Address: 744 Paradise Park

Telephone: 831-466-9631

Relevant Experience:

- City of Sacramento Department of Utilities, Water Distribution and Production Supervisor- Retired.
- City of Sacramento Department of Utilities, Chief Inspector of Operations for an \$80MM Water Plant upgrade.
- Internal Billing Corporation, Warehouse Manager \$ 4.2 MM Inventory.
- JCPenney, Teamster Local #70 Supervisor- Safety and Grievance Processes.
- United States Army Reserve
- Currently serving on PPMC Board of Directors

Why and I running for the PPMC BOD: I am a retired, full-time resident who has taken the time to learn and understand the issues that must be dealt with. I am ready to roll up my sleeves and get to work. Paradise Park is facing major challenges: rising costs, staking issues, eroding public trust and need for more transparency, just to mention a few. While this is a challenging time, it has never been a more exciting time to live in Paradise Park. We have unprecedented opportunities to improve our quality of life. It would be my honor to help guide the course; to help advance improvements indeliberate, fair and thoughtful ways.

Vote for me- if you believe in the Masonic Core Principles and ideals: Brotherly Love Relief and Truth:

These three main principles are meant for everyone- not just a few people. Too often I see these principles of Freemasonry laid down by our forefathers. I am very proud to be a Mason. I believe deeply, strongly that I am obligated to strive for truth, high moral standards and to care not only for my own, but also for our community and **everyone** who lives here. This is a promise.

Vote for me- I know what is necessary to create and maintain a good community:

A good community is at peace with itself. We need to hve a board that is confident and able to work together. A good community will have the interest of everyone at heart; where neighbors respect and support one another. I will work hard to achieve this level of community. My years of experience in working with human resources and management has prepared me to deal with diverse individuals, tough hard-hitting problems and unusual situations. Because boards deal with extremely difficult and vexing issues—from budgets to grievances and everything in between—it's common for emotions to sometimes run high. I am in this for the long haul, and the best way to succeed is to be part of a strong team.

Vote for m e- If you are ready for someone to really work on the tough problems:

As a board member, I understand the most important duty is fiduciary responsibility to all members. Good business judgement and making sound decisions is the most critical part of the job. When difficult problems arise, it is all too easy to jump to a hasty conclusion. I understand the need to take the time to understand the problem and establish the facts. I believe in asking questions, listening carefully, acting professionally, negotiating and aiming or a win-win solution.

Thank you for considering me for the opportunity to serve you and Paradise Park. Leadership, experience and values mean something. I am focused on what counts, the people. It would be an honor to serve you again.

Sincerely,

Bruce Wildenradt, Director at Large

CANDIDATE FOR THE PPMC BOARD OF DIRECTORS

Kurt Likins

561 King Solomon Drive

120 Travis Lane

Watsonville, Ca 95076

Masonic Affiliation:

Confidence Lodge 110 Soquel, California

Personal History:

As a fourth-generation Park member, Paradise Park has always been very important to me. My great-grandfather became a Park member in February of 1936, and both my father and father-in-law are past Presidents of the Board of Directors. I have been married to Melanie, daughter of Bob and Tiny Sand, for twenty-eight years. My son, Tyler, is attending Vanderbilt University in Nashville, Tennessee for a Master's degree in Education, and my daughter, Jenna, is a student at Texas A&M University finishing her Master's Degree in Ecosystem Science and will start a PhD program in the fall.

Education:

Santa Cruz High School, Cabrillo College, San Jose Police Academy.

Professional Experience:

I am a retired City of San Bruno Police Sergeant with twenty nine years of service to my credit. For nearly three years I was with the Sheriff's Office in San Benito County as a Deputy Sheriff / Coroner and then, for twenty-six years, I was with the City of San Bruno Police Department. My service included being a K-9 handler, Field Training Officer, Hostage Negotiator, Range Master, Detective, and Joint San Mateo County Gang Intelligence and Investigative Unit Detective. My last position was as Administrative Sergeant in charge of personnel and training. I also served as President of the San Bruno Police Association Board for two years.

Reason For Running:

I am the current President of the Board of Directors, and last year's Vice President. I found that it takes about a year to feel comfortable on the Board and get a fairly good idea of what happens during the course of a year. I am running for the Board again because there are still a few things that I would like to get accomplished. I would like to have Washington Pathway repaired, and The Reserve Fund written in such a way to protect the Park and the Board. I would also like for Stakings to occur in a timely and consistent fashion, to come to a resolution in the Hillside five legal issue, and get the Park finances back on track with no outstanding balances owed by members. The board has worked on and made progress in all of these areas and more in the last two years, but I would like to get them completed. I have tried very hard over the last two years to be accessible either by phone or email to members who have questions or concerns and if elected, I will continue to be there for the membership. I still believe that the Park should reflect the intentions of the founding members, and that the Board members must be serious listeners and represent the will of the membership. As a Paradise Park Board Member, I would endeavor to continue to be fair, ethical, honest, and to live by the Masonic Principles of brotherly love, relief and truth.
